San Elijo Middle School String Instrument Program

String Instructor: Paul Lee, M.F.A.

If you know how to hold a violin, viola, cello, or concert bass, and are able to play at least a scale, then this is the program for you. The purpose of the program is to provide an opportunity for string players to come together and play; for instance, Mozart string quartets, Beethoven string trio, or maybe even a Serenade for chamber orchestra. The focus of the program is mainly on small chamber works for string chamber ensembles. Of equal importance, this program will also offer these string players an opportunity to express their talent to a public audience, whether it be at the LEGOLAND performance in May, or during a concert at school! This program is not offered to string instrumentalists who are beginners. However, if you happen to be a beginner, no worries, please stay tuned for our beginner string program in the Fall.

Students must bring their own instrument.
